

SpatialXL 12.5.7.0 Release Notes

What's new?

- ✓ New Consolidate tool! The Consolidate tool allows you to group your data by an area or category, then automatically summarize it—counts, totals, averages, or percentages—all in one step.

- ✓ Latest updated program components.

Fixed

- ✓ Cloud Licensing Fixes.
- ✓ Fixes on using Chart themes.
- ✓ Fix on Distance Cluster tool not clustering within a certain distance in some cases. Duplicate points are not assigned any cluster now.
